

# 2nd Workshop on 3D Computer Vision and Photogrammetry

The 2nd Workshop on 3D Computer Vision and Photogrammetry will be held in Abu Dhabi, United Arab Emirates, in conjunction with the 31th IEEE International Conference on Image Processing (October 27-30, 2024).

## About:

*Photogrammetry and Computer Vision are two major fields with a significant overlap with Image Processing. We plan to invite presentations of high-quality works on topics that will include novel developments over classic Photogrammetric Computer Vision problems such as Structure from motion and SLAM, as well as papers with a focus on novel learning techniques over 3D geometric data. Topics of interest will include feature extraction, description and matching, multispectral and hyperspectral image processing and fusion, Multi-View Reconstruction and Surface Reconstruction, 3D point cloud analysis and processing, scene understanding, robot vision and perception, path and motion planning.*

## Topics of interest (including, but not limited to..)

- Structure from Motion
- Simultaneous Localization and Mapping
- Keypoint Detection, Description and Matching
- Multispectral Image Processing
- Hyperspectral Image processing
- Stereo and Multi-View Reconstruction
- Surface Reconstruction
- 3D point cloud analysis and processing
- Shape description
- Scene analysis and understanding
- Segmentation and classification
- Robot vision and perception
- Path and motion planning

## Author guidelines:

Up to 4 pages of content, and 1 page including references only, following the main conference template

Accepted papers will be published in the IEEE ICIP proceedings through IEEE Xplore.

Main conference website:

<https://2024.ieeeicip.org/>

Workshop website: <https://3dcvp.uniwa.gr/>

## Organizing Committee

### Lazaros Grammatikopoulos

Associate Professor at the University of West Attica (lazaros@uniwa.gr)

### Elli Petsa

Professor at the University of West Attica (petsa@uniwa.gr)

### Giorgos Sfikas

Assistant Professor at the University of West Attica (gsfikas@uniwa.gr)

### George Retsinas

Postdoc Researcher at the National Technical University of Athens (gretsinas@central.ntua.gr)

### Andreas El Saer

PhD Candidate at the University of West Attica (elsaer@uniwa.gr)

### Christophoros Nikou

Professor at the University of Ioannina (cnikou@cse.uoi.gr)

### Panagiotis Dimitrakopoulos

PhD Candidate at the University of Ioannina (p.dimitrakopoulos@uoi.gr)

## Important Dates

**April 25th, 2024**

Paper submission  
deadline

**June 6th, 2024**

Paper acceptance  
notification

**June 19th, 2024**

Submission of camera-  
ready papers

**July 11th, 2024**

Author registration  
deadline
